**From Albany** - Follow Route 4 East from Rutland, VT to Quechee. Take Interstate 89 South to Interstate 91 North to Exit 13 in Norwich. Turn right off the exit following signs to Hanover. **SPIKES:** Spikes may be used up to 1/4" in all events. However, given the texture and composition of the Leverone surface, we recommend that athletes use either 1/8" or 3/16"

**STARTING BLOCKS:** Because of time constraints during the High School events, only Dartmouth College starting blocks will be allowed.

**FIELD EVENTS:** Field events will be seeded with the top ranked athletes competing in the last flights. The throwing circles are wooden with regulation steel rings and 3/4" plywood fitted to the outside of the rings. The throwing sectors are a synthetic surface. **Only indoor implements may be used.**

**FIELD EVENT FINALS:** In all throwing events, the top 8 competitors from the preliminary competition will be brought to the finals.

**REGARDING ELIGIBILITY:** High school coaches should check with their respective state and national associations for their high school rules. Only eligible high school students from state-sanctioned high schools will be permitted to compete in the high school meet. Canadian High School athletes will not be entered unless they represent a sanctioned High School. High School entries can only be submitted by a duly authorized coach - no entries from individual athletes or parents will be accepted. **These eligibility rules will be strictly enforced to comply with the NFHS sanctioning rules.**

**LIMITATION OF COMPETITION:** Because the large number of athletes expected to participate in the 2024 Dartmouth Relays, **there may be entry limits on events. However, every effort will be made to accommodate as many athletes as possible.**

**PACKET INFORMATION:** Packets will be available to coaches at the athlete entrance to Leverone Field House (the northwest entrance nearest the football stadium). Packets will include meet information, last-minute schedule changes (if any), relay cards, and athlete bib numbers. Check your packet immediately for any errors or discrepancies and report those immediately to the packet tables.

**COMPETITOR NUMBERS:** Each participant in the 2023 Dartmouth Relays will be assigned a unique competitor number. For all running events, please wear numbers on the front. All members of a relay team need to wear a number. All field event athletes are also required to wear their assigned number on either the front or back. **Any athlete that does not wear their assigned number in individual events will automatically be disqualified!!**

**EVENT CHECK-INS:** For Field Events, check-in is at the event venue up to 30 minutes prior to the start of the event. For running events, ALL check-ins are at the clerk's tables located next to the Sprint starting area on the east end of the field house. All running athletes, including relays, must check in at least 30 minutes prior to the scheduled start of their event. Failure to check in may result in the athlete's removal from the event. All Relay Cards must be turned in at least 30 minutes prior to the start of each event.

**RELAY CARDS:** Relay cards will be in the team packets. Please have the team's coach submit the card at the clerk's check-in table. Seeding will, however, be done based upon seed times given during initial entry.

**ELECTRONIC DEVICES:** For safety reasons, electronic devices of any kind, including cell phones, PDA's, iPods, etc., are prohibited on the track and in the infield.

**RESULTS:** Live results will be posted by Triangle Timing on Milesplit.

**AWARDS:** Awards may be picked up AFTER the results have been posted.
